

Creating Your Space... *YOUR WAY*

Everything old seems new again

your home design

Everything old seems new again. A surprising tip on the newest decorating trend – wallpaper! “Yes, it’s back, but with a new creative textured twist. You can still get your basic stripes, small and large patterns and prints. But if you want more pizzazz, bling or faux textured artisan walls, check out Romo’s Mexico series. From soft rubbed faux to replicating stone textures on your wall(s), it’s the perfect accent for that extra wow factor. These papers are fun, eclectic and add that wow factor in the most cost-effective way.”
